## Textracker Monthly Product Subscriptions

The MapPoint Textracker and TXI Textracker constant tracking products operate using a mobile contract Sim card fitted. A fixed low cost monthly subscription fee will apply for the tracking, data transfer and network usage. The term of the contract with Textlink is for a minimum of 12 months.

The user will have a choice of monthly contract plan options to choose from when registering their Textracker. These options are available to select from, after part 1 of the registration form has been submitted. Below is the list of the monthly subscription options available.

The Textracker products **MUST** be registered within 14 days after accepting delivery of them even if they have not been installed in the vehicles. The monthly payments are collected from a valid credit card or by BACS transfer after the registration form has been successfully completed.

Register Textlink products here: - [www.text-link.co.uk/registration](http://www.text-link.co.uk/registration)
